

HUNTSVILLE

L. Dan Sanders
Interim Director

Traffic Engineering

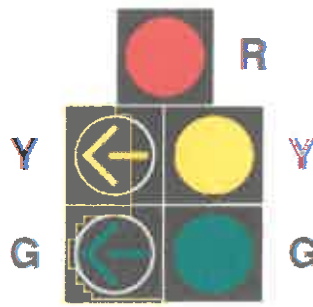

FOR IMMEDIATE RELEASE

TO: ALL BROADCAST AND PRINT MEDIA
FROM: Dan Sanders
DATE: May 19, 2016
TIME: 12:30 PM
SUBJECT: **OPERATIONAL CHANGES TO THE TRAFFIC SIGNAL AT
OLD BIG COVE ROAD AND U.S. 431**

Please be advised –

Weather permitting, changes will be made to the operation of the traffic signal at Old Big Cove Road and U.S. 431 on Tuesday, May 24, 2016, at approximately 9:00 am.

The existing Northbound and Southbound Left Turn Signals will be changed from the 5-Section style, as shown here:

The Star of Alabama

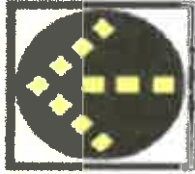

They will be replaced with a 4-Section style indication, with a Flashing Yellow Left Turn Arrow, as shown here:

A steady red arrow means STOP. Drivers turning left must stop.

A steady yellow arrow means the signal is getting ready to turn to red. Drivers turning left should stop if it is safe to do so.

A flashing yellow arrow means left-turns are permitted. Drivers may turn left but must first yield to oncoming traffic and pedestrians and then proceed with caution.

A steady green arrow means left-turns are protected. Drivers may turn left. Conflicting traffic must stop.

Motorists are advised to use caution and obey all traffic control signs and signals at this location.

If further information is needed, please contact the Traffic Engineering Division at 256-427-6850.
